EOT has a special focus on entrepreneurship and innovative solutions of the future. Therefore, we provide Startup with a unique opportunity to create visibility, meet the industry - and potential new partners or investors.

As a participating Startup you can pitch your innovative solution at the EOT Startup Pitching Contest and get the opportunity to win DKK 50,000 and show the industry why YOU have the solution of the future that everyone should keep an eye on.

If you participate, we offer

- A Ready-To-Use stand of 6 m² at an exceptional price. (You must staff the booth all three days)
- Mentoring from Industry experts
- Participation in the competition to win the prestigious **EOT Startup Pitching Contest** and the prize of DKK 50,000.
- 50% discount on a booth at the next EOT in 2025.
- Free catering and full access to all EOT conferences.

That's a steal, we know - so if you have it, if you want to show it, sell it, fund it, partner it - this is for you.
